SHELTER SOURCES

The Los Angeles County Coordinated Entry System (CES) streamlines the process of finding housing for those who are homeless. In 2014, Union Station Homeless Services was selected by the United Way of Greater Los Angeles as a Lead Agency to manage the efforts of more than 40 social services agencies throughout the San Gabriel Valley. These services include street outreach, housing navigation and care coordination; help people experiencing chronic homelessness locate and collect their documents, find permanent homes, and stay housed for good.

As part of this effort, the Volunteers of America (VOA) Pomona location has been assigned as the City of Claremont’s subcontractor to this Coordinated Entry System. Please contact VOA if you need assistance at the phone numbers below:
