ARTICLE XXV: COMPLETION OF MEET AND NEGOTIATION

During the term of this agreement, both parties expressly waive and relinquish the right to meet and negotiate, except by mutual consent of both parties, with respect to any provisions covered by this Agreement. However, the District and the Association recognize their mutual obligation to meet and negotiate on any legislation passed during the period of this agreement that affect the terms of the contract on any mandatory subject of bargaining.

Nothing in this Agreement is intended to deny to the Association or to the District rights and obligations which exist under the law.
